Professional Experience

UX Designer - Free Lancer, Pune.

Jan 2021 - Present.

- Collaborate with clients to understand their business goals and user needs, and develop design and development solutions that meet both.
- Conduct user research, including interviews and surveys, to gather insights and inform design decisions.
- Create wireframes, prototypes, and high-fidelity designs using Sketch, Figma, and Adobe Creative Suite.
- Develop websites and web applications using HTML, CSS, JavaScript.
- Conduct usability testing to validate designs and identify areas for improvement.
- Work with clients and stakeholders to ensure designs and development meet project requirements.
- Designed and developed a custom e-commerce website for a small business that increased sales by 40% within the first three months.

UX Designer - Tech Mahindra Ltd, Pune.

Feb 2020 - Dec 2020.

- Conduct user research to understand user needs and pain points, and translate findings into actionable design recommendations.
- Create wireframes and prototypes using Sketch and InVision, and collaborate with developers to ensure designs are implemented correctly.
- Conduct usability testing to validate designs and identify areas for improvement.
- Work with cross-functional teams including product managers, engineers, and marketers to ensure designs meet business goals and user needs.
